**Comments concerning proposed rulemakings**

• §9.20 DOT Cylinder Filler Certificate Exemption We want to see PERC motor/mobile fuel certification credit to be allowed the same as DOT cylinder certification. • §9.55 PERC Outside Instructor Training. We would like to see Trainer must be employed by a company that dispenses propane, no 3rd party instructors removed from the rule • §9.52 Training and Continuing Education We would like manager level certified employees to be allowed to take CETP for continuing education credit. • §9.140 System Protection Requirements. We would like to see the Manchester crash ring for vertical tanks to be exempt from needing additional crash protection for the tank §9.140 (g) System Protection Requirements. (Cylinder Cage Protection) We would like the forklift cage to be sufficient protection the same as DOT cylinder cages and additional protection not be required.
