**Comments concerning proposed rulemakings**

Dear Commissioners, As a landowner in the Permian Basin, I would like to request that the rule regarding disposal of oilfield waste also be applied to drill pits. We feel it is very detrimental to the land and the environment in our great state to allow the waste, which includes some level of radioactive materials at times, to be left on site and buried with no rules regulating the disposal of the waste. Thank you for your consideration. Sincerely, Beau Bennett
