

RAILROAD COMMISSION OF TEXAS  
Critical Infrastructure Division

**NOTICE TO OIL & GAS OPERATORS AND PIPELINE  
OPERATORS**

Winter Weather Forecasted This Week – February 1, 2022 Update

The Railroad Commission of Texas (RRC) continues to keep a close eye on winter weather conditions forecast for Texas this week. The National Weather Service projects snow, freezing rain, sleet, and icy roads in several regions of the state beginning Wednesday through at least Friday.

As a precaution to help ensure adequate natural gas supply to protect residents throughout the state, the RRC requests operators to delay any maintenance that may interrupt service, as safety permits, scheduled for this week.

If you have any questions regarding this notice, contact the RRC's Critical Infrastructure Division at [CID@rrc.texas.gov](mailto:CID@rrc.texas.gov).
